

4th November 2020

Dear Parents

I do hope you all had an enjoyable half term break and maybe managed to achieve some of the things that will again be restricted to us as of tomorrow. It seems that normality is still some time away and whilst cases of COVID are on the rise locally, safety for all is our number one priority. To this end could we please request that all adults wear a face covering / mask whilst on the school site (ie within the school car park, playground). Also, could we now ask that parents drop the Seahorses at the entrance to their outdoor play area, do not approach the building entrance.

As this half term progresses, as well as teaching and learning, one of our primary focuses is the social and emotional health of the children and indeed ourselves. PE, outdoor learning and creative opportunities will all play their part as well as class / group discussions on relevant topics.

As we draw closer to Christmas, staff will be planning a range of festive activities within their 'bubbles' as the traditional performances cannot take place. Christmas Lunch and Christmas parties (within bubbles) will most certainly go ahead!

Next Friday 13th November is Children in Need day, the children can wear anything stripy or spotty and pay a donation of £1 to this worthy cause. Please keep in mind though that the children are still spending as much time as possible outside.

As always, any queries please do get in touch.

Kind regards

Helen Ward
